CHROMATIC FLOW

Milky Monocolor

Light and color blend together creating a vision of the future. Each refraction is an expression of individuality; colors pierce through glass and air, reshaping reality as they refract, shining with an emotional spectrum unique to each personality.

TENDER HARMONY

Extruded 2 Layers

Light flows between solid and transparent colors,
into a tranquil, elegant and soft beauty rich in layers.

TENDER HARMONY

UN2-0399~0404

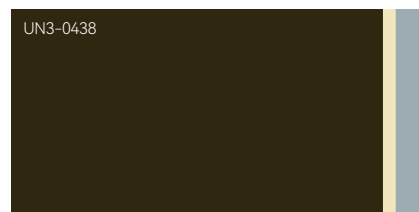

Extruded 2 Layers

WARM AFTERGLOW

Extruded 3 Layers

Layers of color blend in the flow, with dark and milky colors weaving the rhythm and breath of the streets. Both vintage and vibrant, like the warm glow of an old film and the traces left between light and shadow in the city.

WARM AFTERGLOW
